

## EIGER TRAIL DAY TRIP

**Please wear your Scout Scarves or T-Shirts.**

**Make sure that your driver knows where you are going – you need to be dropped off at Lauterbrunnen train station and collected from Grindelwald Grund Station.**

Important Information:

- **Confirm your adult / child ratio with the Reception and collect your train tickets the day before.**
- We have booked you onto this timetable – it can be a big problem for the Scout Centre if the groups miss their trains or keep trains waiting, so please control your group carefully and always be on time. Any problems, call KISC on 033 675 8282.
- If you have KISC catering, please check you have an early breakfast, packed lunch and a later dinner sitting.
- Please be prepared for the weather condition and for the 3.5 hours of hiking. We recommend taking equipment as listed in the KanderActive.
- You can borrow a map of the area from the Reception – then choose the path which is best for your group. It is your responsibility to plan a route which is within your National regulations.
- For the Eiger Trail Wanderweg – Take the train to Kleine Scheidegg after you have been to Jungfrauoch.
- For the Eiger Trail Bergweg (Normal route!) – Take the train to Eigergletcher station after you have been to Jungfrauoch.
- Make sure you let the driver to know what time you will meet at the Grindelwald Grund Station Car Park.
